

SLE AFTER SCHOOL PROGRAMS

All programs are directly after school. Please send a note with your child on the first day of classes to inform the school that your child will stay for the program. After that, he/she will be on the after school list so notes are not needed unless you do not wish for your child to stay on a particular day. You may also pack a snack for your child to eat during the class, but please keep them peanut free, small, and not messy. Please wait in front of the school or in the lobby when picking up your child and be prompt. At this time, there will not be an Activity Bus offered. You will need to pick your child up promptly after class or arrange for them to be walked to the Kings Kids room. SLE does not play a role in registration for classes. All programs coordinate their own registration process. Direct all questions about the class to the program itself, as their contact information will be listed on individual program flyers. **NEW THIS YEAR...** The PTO will award 2 students per activity a **FREE** session . If your child wins this, you will be notified after the flyer is sent home.

We are providing this list of classes currently scheduled so you can see what's planned. The list of classes and prices is subject to change based on enrollment numbers and instructor availability. More classes may be added at a later date.

Please wait for the flyers to be sent home before registering with the class. They will be in your child's Daily Folder several weeks prior to the start of each session.

Feel free to contact Mary Looney with comments or questions regarding after school classes at SLE:
